

A ONE-STOP SOURCE FOR PAPERBOARD QSR/FOODSERVICE PACKAGING

WHY CAMBAY?

- ✓ India's largest exporter in the segment
- ✓ Star export house recognised by Government of India
- ✓ Moving close to 150 containers (all 40HQ) per month
 - ✓ Employee strength –550+
- ✓ Fully integrated manufacturer producing more than 250 SKUs

ABOUT US

Established in 2012, Cambay Foodservice Packaging Group has in a very short period of time, become the largest Star Export House of disposable paper products from India. Our company has been accredited with BRC, FSC and TUV certificates. We also have the requisite compliance certificates pertaining to food safety from internationally recognised bodies such as Intertek and FDA.

LOCATION & SCALE

Cambay has two very modern and efficient manufacturing units - totaling 25,000 square meters - on the western coast of India. Both our plants are located just 60 kilometers from the nearest seaport - Hazira (Code - INHZA1). Our location is one of our biggest strengths since it allows shorter transportation lead-times to Middle-West, Europe and North America.

We have an overall capacity to supply more than 150 containers per month. We also keep adequate raw material stocks to insure against the global supply risks which has become very pertinent in current times.

GREEN CREDENTIALS

Socially compliant –SEDEX and BSCI certifications, ensuring we are producing ethically and responsibly

Rooftop solar –1.7 MW (70% of the overall electricity consumption). Another 2MW in the pipeline by end of 2025 thus generating carbon credits.

Absolutely ZERO discharge of water from the manufacturing sites.

The reduction of single use plastics is the core ethos of our company, ensuring all our products are fully recyclable.

INFRASTRUCTURE

Our modern production facilities ensure highest compliance to food safety standards. In addition, as a policy we do not outsource any of the production activities to third-parties to maintain complete control on our final output. We conduct frequent internal audits in our plant and ensure adequate training of keypersonel for food safety compliance. We have been awarded an A-Grade certificate from BRC acknowledging our sincere efforts.

EN 13432 - COMPOSTABLE AT THE FORE FRONT OF INNOVATION

World has realized and have now admitted to the mistakes we have done in the past by ignoring the sustainability aspect of disposables. We want to be amongst the front runners in making this shift towards sustainability happen worldwide through our innovation and persistence. Our domain knowledge, and focus on R&D has given an edge to all our partners in leading their respective markets.

Strong, Sustainable

- ● ● Durable by Design, Eco-Friendly by Nature
- ● ● Smart Packaging for a Fresh Experience

5. DURA SERIES

MICRO-CORRUGATED CARTONS

With the growing health and environmental concerns related with EPS (Styrofoam) and Bagasse (Sugarcane) based packaging for take away food packaging, we have come up with the best solution to solve the situation by introducing Dura™ Series.

Dura™ Series is a range of paper-based micro fluted cartons which are eco-friendly, sturdy and best suited for Heavy meat items such as Ribs and Steak. This structure is possible in every size in our range of Conical Trays and Clamshells and also available in different sizes for big dinner meal packaging. ● ● ● ● ●
